Come and make Bark Lake your winter painting destination for guaranteed beautiful pristine, winter scenery! On arrival please stop at the Office (first log building) to register and get your weekend itinerary and site map. The Balsam Centre will again be available to us.....it is a separate building with studios for oil and waterbased media. Next door to it is the Dining Centre. Our meals there will be cafeteria-style and include 2 breakfasts, 2 lunches and 2 dinners.

Friday's '**Happy Hour**' starts at 5 pm in the **Oak Centre** lounge, compliments of ECOAA. The Oak Centre residential building with lounges, cozy fireplaces and elegant country rooms has been reserved for our club's accommodations. We will have our evening get-togethers there. A short stroll will take you to the **Dining Centre** for dinner at 6 pm followed by our Friday evening painting demonstration by **JAKE MOL**, which should 'jump start' everyone into the painting mode. Saturday's activities will include painting indoors and/or out, optional snow activities - cross-country ski equipment, snowshoes are available at no charge. Saturday's meals include breakfast, lunch and dinner. Saturday evening we will gather in the painting studios for our '**show & tell**' of work produced followed by **critiques by our instructor**. Then it's off to the Oak Centre lounge for a relaxing evening and share our weekend painting experiences, music, games, etc. Sunday is painting time again with breakfast and lunch provided. Just bring along your favorite medium and painting equipment. You are free for the weekend to paint anywhere on the grounds, and hiking trails abound. For those wanting to go off -site to paint, there are the villages of Gooderham, Irondale and Kinmount close by and surrounding countryside.
